(Stock Code: 02817)

## IMPORTANT NOTES:

- Investment involves risks and W.I.S.E. – CSI HK Listed Mainland Consumption Tracker (the "Fund") may not be suitable for everyone. Past performance is not indicative of future performance. The Fund is subject to market and exchange rate fluctuations and to the risks inherent in all investments. Price of Units and the income (if any) generated from the Fund may go down as well as up. Investors could face no returns and/or suffer significant loss related to the investments. There is no guarantee in respect of repayment of principal.
- The key risks to which the Fund is subject to include: general investment risk, portfolio concentration risk/ sector concentration risk/ consumer discretionary sector risk, emerging market risk/ single country/ region concentration risk, passive investment risk, tracking error risk, trading risks, equity market risk, termination risk and reliance on market maker risks.
- In order to track the CSI Hong Kong Listed Tradable Mainland Consumption Index (the "Underlying Index"), investments made by the Fund may be concentrated in securities that are closely related to the consumer market in the People's Republic of China ("PRC") Mainland. The performance of the Fund may therefore be subject to the volatility of the consumer market in the PRC Mainland. Its performance may also be affected by the growth rate of the PRC Mainland economy and consumer spending.
- The performance of the Fund will be affected by the performance of companies active in the consumer discretionary sector and consumer staples sector in the PRC Mainland. The performance of companies in these sectors are correlated to the growth rate of the PRC Mainland consumer market, individual income level and domestic consumer spending. The profitability of companies in consumer staples sector in the PRC Mainland is further influenced by government regulations.
- In tracking the Underlying Index, the Fund will invest in PRC companies listed on the SEHK. Such companies may have substantial exposure to the risks in Hong Kong and/or the PRC Mainland. The Fund invests in an emerging market, such as the PRC, which may involve increased risks and special considerations not typically associated with investment in more developed markets.
- Please refer to the offering document of the Fund for further details including investment objectives and policies, charges and expenses, risk factors and the arrangement in the event that the Fund is delisted, before making any investment decision.

## Investment Objectives and Policies

The Fund is an index-tracking exchange traded fund which seeks to provide investment returns, before fees and expenses, that closely correspond to the performance of the Underlying Index. The Fund will adopt a representative sampling strategy and hold a representative sample of the constituent securities of the Underlying Index ("Index Securities") selected by the Manager using quantitative methods to derive a portfolio sample.

**IMPORTANT INFORMATION:** Investors should note that the Fund is different from a typical retail investment fund offered to the public in Hong Kong, in particular:

- A Participating Dealer or Eligible Investor may only create or redeem Units in Application Unit sizes\* (as defined in the Prospectus) directly with the Fund;
- There is a risk related to divergence between the market price of the Units and the NAV of the Fund. The trading price of the Units traded on the SEHK is determined not only by the NAV of the Fund but also by other factors such as the supply of and demand for the Units in the SEHK.
- The Units may trade at a substantial premium or discount to the Fund's NAV.
