IMPORTANT: Investments involve risks. Investment value may rise or fall. Past performance information presented is not indicative of future performance. Investors should refer to the Prospectus and the Product Key Facts Statement ("KFS") for further details, including product features and risk factors. Investors should not base on this material alone to make investment decisions. If you are in any doubt about the contents of the Prospectus and KFS, you should consult your stockbroker, bank manager, solicitor, accountant or other financial adviser for independent financial advice.

- CSOP WTI Oil Annual Roll December Futures ER ETF (the "Sub-Fund") is a futures-based exchange traded fund and it aims to provide investment results that, before fees and expenses, closely correspond to the performance of the BofA Merrill Lynch Commodity Index eXtra CLA Index (Excess Return) ("Excess Return" does not mean any additional return on the Sub-Fund's performance) (the "Index").
- The Sub-Fund will invest directly in the December month West Texas Intermediate ("WTI") crude oil futures contracts traded on the New York Mercantile Exchange (the "NYMEX"). Investment in the Sub-Fund is only suitable to those investors who are in a financial position to assume the risks involved in futures investments.
- Futures investments are subject to certain key risks including leverage, counterparty and liquidity risks. Movement in the prices of futures may be highly volatile. The Sub-Fund may not be suitable for all investors. It is possible that the entire value of your investment could be lost.
- Trading price of the Units on SEHK is subject to market forces and may trade at a substantial premium or discount to the NAV per Unit.
- The Manager may, at its discretion, pay dividends out of capital. Payment of dividends out of capital or effectively out of the capital amounts to a return or withdrawal of part of an investor's original investment or from any capital gains attributable to that original investment. Any distributions involving payment of dividend out of capital or effectively out of capital of the Sub-Fund may result in an immediate reduction of the NAV per Unit.

Investment Objective

The investment objective of the Sub-Fund is to provide investment results that, before fees and expenses, closely correspond to the performance of the BofA Merrill Lynch Commodity Index eXtra CLA Index (Excess Return) (the "Index").
